AMT partners with MSA

AMT and MSA Intelligence Media Situation Awareness fully integrated with TotalAlert mass notification software

Information on Every Risk. Insight into Every Threat.

AMT partnered with MSA Intelligence offers a richer, more detailed understanding of the current threat environment. Our analysts possess decades of experience monitoring and countering threats worldwide. Unique to MSA is our ability to leverage analysts from the military, law enforcement, journalism, and academia. Together, they provide a 360° picture of the threat spectrum, on issues including terrorism, civil unrest, severe weather events, hostile environments and more.

MSA Intelligence Services offered by AMT Include:

Strategic Intelligence Analysis

Social Media Monitoring

Executive Intelligence

Why Choose MSA Intelligence offered by AMT?

Through strategic analysis of criminal events and statistics, terrorist incidents, tactics, tradecraft, life safety issues, civil disobedience and other factors including severe weather, we provide a true “all hazards” analytical product.

We provide a choice of subscription-based intelligence packages with the ability to customize to meet your strategic requirements.

Strategic Intelligence Analysis:

Assessing the Threat Environment

MSA’s Strategic Intelligence Analysis Team helps you reduce risk, anticipate crisis and stay informed. Through in-depth analysis of regional, national and international threats, clients can expect a true “all hazards” analytical product, customized to address your needs and evolving threats.

Our Strategic Intelligence Analysis Includes:

Highlighting tailored issues most likely to impact your daily business operations and personnel

Threat-related reporting offered daily, weekly, and in response to unique events

Evolving threat trend analysis that can be applied to broader business interests

Real-time event coverage by subject matter experts

Social Media Monitoring: See What’s Being Shared

To best combat threats, you need to be aware of how they organize and communicate. More and more that is happening through social media.

AMT is the world leader in mass notification software, media situation awareness, 4D, crowd sourcing, encrypted X-Ray, geospatial awareness and GPS software solutions. AMT-Tomorrows Software Today
